

# HEALING IS A JOURNEY

## Ride, run or walk for Survivors in the 40th El Tour de Tucson!

When a homicide occurs, it impacts not only friends and families but entire communities. Although we can't change the tragic loss, together, we can ease the pain & prevent further victimization.

### advocacy

We assist and provide resources to survivors in navigating legal challenges after the death of a loved one.

### support

We provide a safe space for survivors to express their grief via one-on-one emotional support, workshops and support groups.

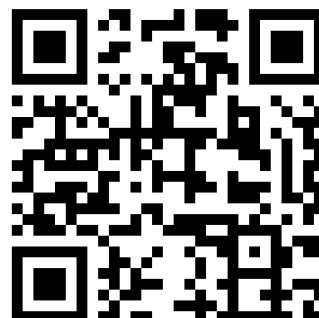

### assistance

We provide survivors with community resources that may help with the logistical & financial burdens that a crime can bring.
